# TERMS AND CONDITIONS OF SALE

The properties listed in this catalogue are offered and sold by A. Kosoff, Inc., as agents for the Consignors on the following terms and conditions:

1. Bidding shall be by Lot Number, no lots will be broken.
2. No BUY or UNLIMITED bids will be accepted. Please do not ask for exceptions.
3. NO commissions are charged for handling your mail bids. Shipping and insurance costs only will be added to your invoice.
4. Bidders unknown to the Cataloguers should supply suitable references or a deposit equal to 25% of their bids.
5. The Cataloguers reserve the right to withdraw any property at any time before the actual sale.
6. The Cataloguers reserve the right to reject a bid from any bidder. The highest bidder acknowledged shall be the purchaser.
7. a) The Cataloguers apply long experience and care in grading and authenticating all of the properties listed in this Catalogue. Errors do occur and the Cataloguers will gladly make satisfactory adjustments. However, as agents for the consignors, the Cataloguers are bound by agreements. Our settlements must be made in accordance with the terms of those agreements.  
b) Claims involving grading or errors in the Catalogue should be made within 7 days of the receipt of the coins.  
c) No claims, for whatever reason, can be considered after settlements have been made with consignors.
8. See Special notice on BIDDING.
9. An official list of Prices Realized will be published soon after the sale. You may order it by checking your BID SHEET. One Dollar will be added to your invoice.

## BIDDING

Cataloguers have long taken for granted that all collectors are familiar with the operation of an auction sale. Questions coming to us recently indicate that this is not so. Many collectors would like to know more about how a sale is conducted. The following is an attempt to answer these questions.

## BIDDING BY MAIL

Collectors may bid by sending in a BID SHEET on which they indicate the lot number and the amount of their bid. Thus: LOT NO. DESCRIPTION BID (Fictitious

Example) 1 1856 Cent \$2170.00

The amount bid is the maximum which the bidder may be charged. If competition permits, the bidder may be charged less than the amount bid. If, for example, the second highest bid on lot number 1 is \$2,000.00, then an advance of 5% will bring the bidding to \$2,100.00, and this is the amount at

which lot number 1 will be billed out to the bidder, despite his bid of \$2,170.00

You may bid generously with the assurance that you will buy the coin for less if it is at all possible.

At the same time, we frequently receive identical bids on certain lots. As each BID SHEET is received it is numbered and bids are entered in our Master BID BOOK by Bidder numbers. The only fair way is to give preference to the first of the identical bids.

BIDDERS sometimes want 1 coin of a certain type. There may be 3 or 4

coins of that type listed. You may indicate that you want only one of the 3 or 4 lots. Success on one lot automatically eliminates the others. Failure on a lot will transfer the bid to the next coin and so on.

BIDDERS frequently request a dollar-limit to their purchases. We can handle that situation for you as well.

Mail Bids are kept secret. It would be unfair to Mail Bidders if we revealed such information. If it would be fair to

reveal it to one collector it would have to be done for all. Please do not ask for exception to this rule.

MAIL BIDDERS may have the opportunity to examine lots prior to bidding. References should be supplied if you are not known to the Cataloguers. Shipping and insurance charges both ways are your only cost.

Finally, if there are still some questions you would like answered, send them to us. We will try to clarify them for you.

NOTES REGARDING GRADING

In this catalogue the reader may notice that in most instances there is a number accompanying the grading of the coin. This numbering system stems from a practice instituted by Dr. William H. Sheldon in his grading of early American cents. We feel that the scale for grading will give the collector a better impression of the condition of the coin described. The scale runs from 1 through 70, perfection being 70, 65 mint state and downward. The scale is as follows:

*Uncirculated	MS	70	THROUGH	MS	60
About Uncirculated	AU	55	THROUGH	AU	50
Extremely Fine	XF	45	THROUGH	XF	40
About Extremely Fine	AXF	35			
Very Fine	VF	30	THROUGH	VF	20
Fine	F	15	THROUGH	F	12

Although this scale of grading will never do away with the individual differences in the viewing of the condition of a coin it is, we feel, another step toward better cataloging.

\*Occasionally you will see Unc. or uncirculated, other times MS or Mint State, there is no difference, just a question of getting accustomed to the change.

PLEASE NOTE

Our Mailing List will be revised after the close of this auction. Should you participate in the bidding, order a price list, or advise us by postcard of your desire to remain on our list, you will receive releases.

Otherwise, inactive accounts will be dropped to make room for other collectors desiring our literature.

## EXTRAORDINARY COLLECTION

### Satirical Fractional Currency

- 407 — The 10 cents Fifth Issue of the Fractional Currency Series bears the portrait of William M. Merideth, Secretary of the Treasury 1849-1850. Some unknown artist went to work and the result is this series of 49 Satirical renderings. Merideth appears as a fireman, a pharoah, a pilgrim, Uncle Tom, a frontiersman, a polo player, a Quaker, a policeman, a chef, a burglar, a jailbird, Santa Claus, football player, jockey, Uncle Sam, Capt. Kidd, Satan, Fu Manchu, Indian Chief, etc., Attractively mounted, folds to about 2'x2 ½'. We doubt that more than a very few such sets exist.
